

GOODREMONT'S GOODNEWS

Lynda's Ladies

*In Loving Memory of
Lynda Goodremont
April 6, 1955 - April 12, 2007*

On May 12th the ladies of Goodremont's walked in Northwest Ohio's inaugural Making Strides Against Breast Cancer event. It was a beautiful spring morning at the Town Center at Levis Commons in Perrysburg – the perfect day to walk & raise money for the American Cancer Society.

Our team was named in honor of Lynda Goodremont. We called ourselves "Lynda's Ladies." We were part of more than 2,000 walkers who raised \$75,000 for the American Cancer Society. Lynda's Ladies had 8 walkers on our team & raised over \$900. Pictures of our team were even featured in the American Cancer Society's Ohio newsletter.

We are very proud to have been a part of the first volunteer-driven Strides event in the state of Ohio and we are looking forward to participating in 2008.

HOW CAN TECHNOLOGY HELP YOU?

Are you afraid of losing your printed job after you send it to the centralized group printer?

Have you ever sent a print job to your printer only to get there and find out someone picked it up with their pages – or worse, picked them up, didn't know what it was and threw it in the recycle bin?

Have you ever heard this – **"Don't use the printer – I have special paper in it!"**?

All of our multifunctional products come equipped with **SECURE PRINTING**. This will allow you to send the print job and at your convenience, set the system up with your special paper and release the print job for completion.

Goodremont's Inc. recognizes the benefits of technology. We are currently offering a trade in value for anyone that upgrades to one of our color capable business systems. Call us to today for details.

Ask the Experts

Q. We have all different brands of office equipment at our facility. Does Goodremont's only service their copiers?

A. We are able to service a variety of copiers & printers. Of course we will continue to service any equipment we have sold, like Gestetner, Lanier, or Konica-Minolta. In addition we are happy to service and support any Ricoh or Savin products as well as lasers printers and copiers from Hewlett Packard. All of our technicians are trained and certified to service the Ricoh family of products (Gestetner, Lanier & Savin.) We have several technicians with additional certification to service HP. If you are interested in getting additional copiers serviced please call our service department to schedule an appointment with one of our technicians.

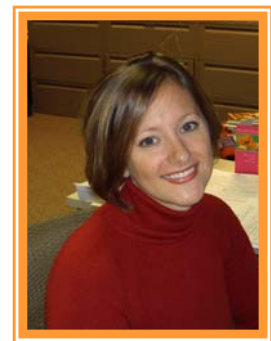

Q. Our copier is very old—can you still service it?

A. Any older equipment may qualify as “obsolete.” This means the factory will not guarantee availability of parts and/or support. This usually refers to analog copiers & may even include some older digital models. We are happy to service old copiers. Sometimes all they need is a good cleaning or adjustment. However, if parts are needed, they may be pricey & difficult to acquire.
